Sierra Gray[†]

Not Available in Service Area C (see map).

Chateau Green[†]

Not Available in Service Area A (see map).

Shasta White[†]

Oakridge® shingles have a warm, inviting look in popular colors for a step up from traditional three-tab shingles. A Limited Lifetime Warranty** with 110/130** MPH Wind Resistance Limited Warranty* adds to this shingle's appeal, along with our Algae Resistance Limited Warranty.*

ENERGY STAR® is for roofs too

Similar to the energy-efficient appliances in your home, roofing products can provide energy-saving qualities. Owens Corning™ Oakridge roofing shingles in Shasta White can help reduce your energy bills when installed properly. These shingles reflect solar energy, decreasing the amount of heat transferred to a home's interior—and the amount of air conditioning needed to keep it comfortable. Actual savings will vary based on geographic location and individual building characteristics. Call 1-800-GET-PINK® or 1-888-STAR-YES for more information.

† Applicable in Brookville, Kearny, Medina, Minneapolis and Summit plant service areas only.

‡ Owens Corning strives to accurately reproduce photographs of shingles. Due to manufacturing variances, the limitations of the printing process and the variations in natural lighting, actual shingle colors and granule blends may vary from the photo. The pitch of your roof can also impact how a shingle looks on your home. We suggest that you view a roofing display or several shingles to get a better idea of the actual color. To accurately judge your shingle and color choice, we recommend that you view it on an actual roof with a pitch similar to your own roof prior to making your final selection. Color availability subject to change without notice. Ask your professional roofing contractor for samples of colors available in your area.
